Pleasanton Politicians Hurt Their Cause

Crooked Work of Few Disgruntled Men Make Friends Rally

(Special to The Tribune.)

PLEASANTON, Aug. 10.—J. S. Gill, a well-known citizen of Pleasanton, whose name had been placed on the Runckel, Ellsworth and Shinn ticket as a delegate, has thrown a bomb into the Runckel camp this morning by positively denying any affiliation with this combination.

Mr. Gill announces in most emphatic terms that his name is used without any authority whatever, and that he is first, last and always for Supervisor C. F. Horner.

Mr. Gill is spending the day in informing his friends, and has taken keener interest in the re-election of Mr. Horner on account of such tactics as this being employed, and he will throw his united efforts behind the Horner ticket. The Horner ticket is certain to be elected by a very large majority, and as the election draws near we see the best citizens flocking to his standard.

This is but one of the many instances in the Forty-eight District where names of delegates are being used without the consent of the persons, as shown up in Sunday's TRIBUNE. The great majority of the names, in fact, upon the Runckel, Ellsworth and Shinn ticket are being used without authority.

WILL GO TO LEGISLATURE.

It is certain that Foss will carry the election in the Legislature and a warm contest will ensue when the body meets next winter. Foss and his managers claim that he has carried a majority of the senatorial districts and that the election of Senator Hopkins will be held in the city of Chicago, has been in the Democratic wards. It is claimed that the vote is not binding on the members of the legislature and therefore Foss and his friends declare that even if defeated on the popular vote he will have a majority of the Legislature under instructions for him.

FOR SECOND PLACE.

The Hopkins managers, despite the fact that he at large is the only thing that carries with it the party endorsement, returns today seem to indicate that C. F. Horner has been nominated as lieutenant-governor on the Republican ticket and that J. L. Pickering has been chosen by the Democrats as their candidate for clerk of the Supreme Court, vice-waiter and officer on which the result was last night in doubt.

STEVENS FOR GOVERNOR.

The returns from the country precincts continue to come in slowly. Definitions are most difficult to obtain of the "popularity" of the candidates on the Democratic ticket. Because of the general interest felt in the bitter struggle for the Republican gubernatorial nomination and the Republican endorsement for Senator, the election judges generally have counted the votes that parts first. Enough figures are definite enough to show that the Lawless & Stegman of Lincoln has received an overwhelming plurality for the Democratic endorsement for Senator and the former Vice-President Adlai E. Stevenson of Oberlin has been nominated for Governor.

The Republicans throughout the state seem to have turned out to vote at the polls, while the Lincoln and the Democrats. This is generally attributed to the interest felt in the Republican

TRAIN HITS FUSE BLOWS WASHOUT; OUT; NEAR DEATH 3 DEAD

Tonopah and Tidewater Passenger Runs Into Ditch; Engineer, Fireman and Traveller Meet Death.

Home Telephone Employee Has Narrow Escape While Working in Conduit on San Pablo Avenue.

LOS ANGELES, Aug. 10.—Word has been received at the local office of the Tonopah and Tidewater Railroad that the south-bound passenger train on that road, leaving Goldfield at 1:15 o'clock yesterday, ran into a washout near Hawthorne, Nevada, at 7:15 o'clock last night, killing the engineer, fireman and one passenger. No names have as yet been reported.

The accident occurred about one hundred miles north of Lodi, the junction point of the Tonopah and Tidewater with the Santa Fe. The first news of the accident reached this city today, when the Santa Fe west-bound passenger train had passed through without the regular Tonopah and Tidewater coach, which it takes up daily at Lodi.

Investigation showed that serious washouts on the latter line had occurred, and later reports of the wrecking of the passenger train were received.

Runs 700 Miles in Less Than 12 Days

NEW YORK, Aug. 10.—In one hour less than twelve days, running most of the distance of over 700 miles, T. J. McAnghey arrived in this city yesterday from Toronto, Canada, bearing a message from the Mayor of that city to the Mayor of New York City. McAnghey is a member of the West End Branch of the Y. M. C. A. of Toronto, and he said the object of the run was to test speed and endurance. He averaged sixty-five miles daily, starting each morning at 2 o'clock, keeping on the road and running two-thirds of the time.

SEEKS REHEARING IN STANDARD OIL CASES

CHICAGO, Aug. 10.—The government's petition for rehearing by the United States Court of Appeals of the government case against the Standard Oil Company of Indiana, in which the Antitrust Court reversed Judge Landis' fine of \$29,250,000, has been completed. United States Attorney Edwin W. Stimson today forwarded the document to Attorney-General Bonaparte at Lenox, Mass. The petition will be filed here on August 22.

WOULD OUTDO RUEF.
Chief Biggs has hesitated to take the full program of the junta, hence he is persona non grata with the men who are seeking to put themselves in a position to oust Abe Ruef when the latter was in political power.

Because of Biggs' temerity (unshaven Burns is after both his curbs and the other he holds).

The Netherlands to Sound Uncle Sam

THE HAGUE, Aug. 10.—The foreign minister of The Netherlands had a long interview with Arthur N. Monroe, the American minister here, today, the subject being the dispute between Venezuela and The Netherlands, which resulted in the expulsion by President Castro de M. de Reus, the Dutch minister, from Caracas. The Dutch government is anxious to ascertain the views of the American government and the attitude it is likely to adopt in the various contingencies that are likely to arise.

THREE ARE STONES ARE KILLED BY STRIKERS HURLED AT TRAIN

Trainload of Non-Unionists Attacked and Volley of Shot Is Rained on Cars. Seven Hurt.

BIRMINGHAM, Ala., Aug. 10.—Three men were instantly killed and seven injured, two of whom will probably die, when striking miners fired into a passenger train on the Birmingham Mineral Railroad at Blockton yesterday morning about 2 o'clock.

THE DEAD: Conductor John T. Collins; O. S. Dent, deputy sheriff; Willard Howell, non-union miner.

Among the injured are: Major F. H. Dodge, superintendent of safety, Tennessee Coal Company, wounded in hand and leg; E. E. Cox, superintendent of mines, Tennessee Coal Company, wounded slightly in knee.

FUSILLADE OF SHOT. The train was a special bearing non-union men to the Blockton mines under guard of soldiers and deputies. On the outskirts of the town the engineer suddenly saw a log across the track and at once a fusillade was fired into the train. The engineer did not stop, but let the pilot throw the log from the track and put on full speed.

MILITIA CALLED OUT. With regard to an assertion that the present struggle is between the railroad and union leaders rather than the men, J. H. McNealy said:

STRIKE VOLUNTARY.

"Such a statement is absurd. There was not time enough between the issuing of the arbitration commission award and the beginning of the strike for us to influence the men. Nor was there any such attempt made. All that was submitted to the men was the award of the commission with the question whether the men would accept or not.

The vote for a strike was an absolutely spontaneous movement by the men themselves and they are sticking to it with prudential unanimity."

COMPANY FIGHTS. Local strikers emphatically deny that the Engineers Union will support them. The strikers say that in another week many of the trains will be unfit for the road.

At Brandon, Manitoba, where 200 men are out, the strike situation was given new life last evening when the company brought in from the east twenty-one men. A majority of them are expert mechanics or boilermakers.

The railroad yards are patrolled at night with guards armed with rifles.

WILL WATCH POLLS. The Good Government League of the Seventh Ward, composed of several hundred of the leading citizens of that section of the city, has issued a strong letter to the voters of the district, calling attention to the attempts of certain politicians to discredit Councilman G. E. Aitken and defeat his candidacy for Supervisor. The League was formed by the regular Republicans of the Seventh Ward headed by James J. Alexander, J. E. McNealy, W. E. McWayne, J. Duncan and W. H. Baker to counteract the work of another political body which has been connected with the fraudulent registrations reported to the Grand Jury.

To you the League is pleased to present this report and makes an appeal for your hearty and unanimous representation. You are asked to help defeat the tactics used by Mr. Aitken's enemies and vote for the delegation favoring his candidacy.

Supervisor. Signed: JAMES LOW, President. Attest: ALEXANDER DUNCAN, Secretary.

hours and in consequence thereof many voters of this district have been disfranchised, the Grand Jury having ordered the County Clerk to cancel the same fraudulent registrations.

Upon investigation we find that Mr. Aitken, while a member of the City Council, when voting upon liquor applications, has always endeavored to follow the wishes of the people and that when he voted that an amendment was in effect he desired that the people in the vicinity did not desire the license granted, that he voted to deny the same.

A GOOD RECORD.

We also wish to call your attention to the enclosed extract taken from the Oakland Enquirer published in an issue of July 31 of this year, relative to Mr. Aitken's calling the attention of the Grand Jury to the faulty construction of the Franklin school, which proves beyond all doubt that Mr. Aitken has consistently endeavored to protect the interests of the tax payers.

For six years in the City Council Mr. Aitken has never shown that he has consistently voted for the best interests of his constituents. He has always voted against high water rates and has endeavored to do all in his power to make the rate as low as possible. He worked and voted for the franchise of the Western Pacific Railroad, which admitted that at transcontinental line into Oakland, contributing to make Oakland a railroad center and a freight terminal.

The parts of a spectacle frame differ in rigidity and in strength. Some parts must be lighter than others, so that a neat appearance may be secured. Some parts must be heavier than others, so that durability may be obtained.

The Retto eye glass mounting, made by Chinn-Beretta, is so perfectly proportioned that the wearing struts are thrown upon the parts best able to bear it. This new mounting, though neater and lighter than those of the past, has greater durability than they possessed.

Extract from the Oakland Enquirer July 31, 1908:

Two months ago Mr. G. E. Aitken, representing the Greater East Oakland Improvement Club, presented a report to the Grand Jury of the condition of the structure (mentioning the Franklin school). This report was to the effect that railroad rails were substituted in place of steel girders and that an inferior grade of wire, plaster, and beams had been used. The document was read into the record and the investigation which is now in progress. Started by the revisionists, District Attorney Brown secured the services of Myers to make a thorough inspection of the building.

LIEUTENANT HAD MANY GIRLS

Bogus Army Officer Wed One Girl, Took a Ring From Second and Bought Hat For Third.

SAN FRANCISCO, Aug. 10.—The police are learning more and more of the gay and reckless course taken by Thos. Alexander M. Hartnett, the pseud-Lieutenant who, by representing himself as an army officer, succeeded in impressing upon a number of persons.

The authorities have discovered that he wooed and won the beautiful Miss Ethel Newell Love of Pasadena, inducing her to marry him after an acquaintance of two weeks.

Leaving his bride in the south he came to this city and demanded the Hotel Stewart of a bill for two weeks and \$10 that he borrowed.

He obtained a valuable ring from Miss Tennant, a guest at the noted Stewart during a conversation and kept it.

He borrowed \$100 from W. G. Tilghman another guest at the hotel, also obtaining a start pin valued at \$75.

He ordered a \$1000 diamond ear from the Maxwell Automobile Company, but was a failure before the car was ready and so did not receive it.

He had a high-priced Merry Widow hat sent to a San Francisco girl. The hat was charged to him but it was returned to the store by the young lady to whom it had been sent.

TWO WEEKS' COURTSHIP.

Hartnett arrived late in July from Santa Barbara, coming by steamer. He represented himself as a young army officer, secured his position at the Hotel Stewart. On June 26 he had married, after two weeks courtship, Miss Ethel Newell Love, the beautiful young daughter of Mrs. Love, a wealthy widow of Pasadena, whose home is pointed out to tourists as one of the landmarks of Southern California.

Hartnett came up from Santa Barbara without his bride and explained the circumstance by saying that his wife had broken her arm in being thrown from a horse.

MET GIRL ON STEAMER.

W. G. Tilghman, a guest of the hotel, was introduced to the misquanderer by Proprietor Stewart and gave him Hartnett's personal sum until the amounted to \$100. He also borrowed a handsome diamond pin in the design of a horse and tilghman had not seen pin nor money since.

Miss Hartnett has this to say about Hartnett.

"I met Hartnett on the steamer coming up from Santa Barbara. We were introduced by mutual friends. He came to the hotel where I had my mother stay. We were invited to dinner at the St. Francis. Hartnett was a very tall fellow. I was talking with him he admitted a single ring that I was wearing and he asked to examine it. I took it off and he put it on. At the close of the dinner I asked him for the ring. He excused himself for not returning it, but said that the ring was on a broken finger and that he must soap the finger to get the ring off."

DISAPPEARS WITH RING.

"Last Tuesday he called on me and when I asked him again for the return of the ring he said that he would go upstairs in the hotel and get it. I have not seen him since."

THE MINSTREL MAID.

Bertie Herron, "the original minstrel maid," is certainly original. She appears first as a sort of pretty widow in a black velvet gown, from which not an inch of extra cloth could be cut. After a "catchy" song and a few jokes she goes behind combination table and screen and proceeds to blacken her face before the spectators. Then zip!—this original minstrel maid makes a swift motion or two and steps from behind her screen in coat, vest and striped trousers. She then gives a minstrel performance, in which she is literally the whole show.

"A Night in a House Boat" is a short comic opera. The scene is very pretty—a house boat gaily decorated with lanterns and flowers. There are nine in the cast, all gay young people with a young and pretty chaperone—a crowd, with one exception, such as one could find at any lake or river resort. The exception is a young Englishman—a stage Englishman. The songs and choruses are pleasing, and the fun is the fun of a jolly crowd on a vacation.

Harry Fentelle and Eddie Carr give a good sketch, "Out Loud Junction." Carr is a railroad agent and Fentelle a hobo. They crack a lot of new jokes and sing some funny songs.

STREET MUSICIANS.

While the accordion is not in high favor in America as an instrument for producing music, it must be admitted that Dolech and Zillbauer, Venetian-street musicians, can drag pleasing melodies from the boxes. They are soulful appearing youths, who play as

TRUNK FULL OF WOMAN'S APPAREL STOLEN.

C. C. Riley of 1514 Stanton street, Alameda, has reported to the Oakland police the theft of his trunk at the Sixteenth-street depot on Saturday afternoon. The trunk was set up but not delivered last Saturday, as Hartnett had disappeared.

Tilghman says that Hartnett went to a department store and selected a Merry Widow hat and some clothing to be sent to a young woman in this city.

RETURNED EAST.

The woman ran me up later and told me that the hat had been delivered to her and not paid for, and asked what she should do about it," said Tilghman. "I told her that I considered Hartnett a scoundrel, that he had imposed on me and that she should return the hat and goods, which she did."

Mrs. Hartnett and her mother are at Santa Barbara. "They refuse to be interviewed."

1500 DELEGATES OF LUTHER LEAGUE CONVENT.

CHICAGO, Aug. 10.—The Luther League of America, with a membership of 150,000, and representing 2,000,000 members of the Lutheran Church in the United States, began its eighth biennial convention at Hinde Hall here today, with 500 delegates present. The convention, which will continue until Saturday, was called to order by President William C. Stever of Philadelphia. As the league includes German, Swedish, Norwegian, Danish and other nations, all addresses will be delivered in English.

The principal feature of the meeting will be a rally at the Auditorium theater Thursday night, at which the address of the evening will be made by Senator Nelson of Minnesota. A chorus of 500 voices will sing the oratory "Ruth."

It is expected that the majority, if not all, of the present officers will be re-elected.

SUPPLY SHIP BRINGS ELEVEN U. S. PRISONERS.

SAN FRANCISCO, Aug. 10.—The supply ship Arcturus arrived here today from Honolulu. She brought eleven passengers from various vessels of the navy, and two insane men, one white and one Japanese.

It is expected that the majority, if not all, of the present officers will be re-elected.

POLICE STILL SEARCHING FOR WOMAN'S ASSAILANT.

SAN DIEGO, Aug. 10.—The police are still searching for Louis Siebel, the man for whom a warrant has been issued for the mysterious attacks upon Mrs. Mearle Wetmore. The officers have an excellent description of the man, but they have obtained any trace of him they are keeping the matter quiet.

DEAD BODY FOUND IN VAT

Mystery Surrounds Death of S. F. Man, Who Might Have Ended Life or Been Murdered.

SAN FRANCISCO, Aug. 10.—The body of James English, a poultry dealer of South San Francisco, who lived with his wife and four children at Eleventh Avenue and F street, was found lying in a vat of water at the Bay View Tannery, 1001 Eleventh Avenue, at 5:30 o'clock this morning by Watchman John Hine.

There was no note or anything to indicate that English had ended his own life, but as he had been drinking heavily of late it was thought he committed suicide.

At 7:30 o'clock last evening Donald Hansen, proprietor of the tannery, came upon English roaming about the plant. He ordered him from the place and told him he must not again trespass upon his property.

When Watchman Hine was making his rounds this morning he saw the reflection of something in the water and found the dead body.

FIREMEN CARRIED TO FIRE IN ELEVATORS

PITTSBURG, Aug. 10.—Fire today in the sixth floor of the Philips-Power building on Duquesne street, threatened a congested portion of the business district, created a panic in several hotels and required the services of almost the entire city force of fire fighters. Elevators in the big structure were kept running and firemen were rushed to twentieth century methods on express elevators to the burning offices. Half-clad guests of hotels fled when they saw flames close to them. The total loss was placed at \$25,000.

TAFT MEETS HIS PARTY LEADERS

West Virginia Situation to Be Taken Up, Upon Arrival of Chairman of the National Committee.

WHITE SULPHUR SPRINGS, W. Va., Aug. 10.—W. H. Taft and party left here early today for Hot Springs, W. Va. Not being familiar with all of the details of the arrangement by which Elmer Dyer takes the secretaryship of the advisory committee of the Republican national committee and William Hayward of Nebraska, the secretaryship of the full committee, Taft said he had no statement to make at present.

ARRIVES AT HOT SPRINGS.

HOT SPRINGS, W. Va.—Judge Taft and party arrived here this afternoon from White Sulphur Springs, W. Va.

Frank W. Hitchcock, chairman of the national Republican committee, is expected to reach here Wednesday, when the West Virginia situation will be taken up with the leaders from that state.

Swisher, Republican candidate for Governor of West Virginia, came here on the same train with Mr. Taft and will remain to see Hitchcock.

EXPECTS BIG PLURALITY.

Senator Elkins of West Virginia, who marched here yesterday, had an extended conference with Swisher today, after which he said his selected Swisher would be elected Governor by 25,000 majority and that Taft would carry his State by 35,000 majority.

It was said, he said, the desire of the leaders of the State to involve Taft in the national difficulties which have arisen by reason of Swisher's desire to become Governor. Politically, he continued, Swisher had organized a new party and he did not see how the Republican national committee could recognize any but the regular Republican party in its conduct of the campaign of the State.

SECRETARY APPOINTED.

NEW YORK, Aug. 10.—James T. Williams Jr., will accompany Frank H. Hitchcock, chairman of the Republican national committee, in all of his travels and will serve in the capacity of confidential secretary, this appointment being announced today.

HARRY THAW WILL WEAR SPECTACLES

POUGHKEEPSIE, N. Y., Aug. 10.—Harry K. Thaw was taken from the jail today to be examined in proceedings instituted by Mrs. Ella Hayes of Poughkeepsie, judgment creditor of Dr. John P. Wilson of this city, who has sued Thaw for \$300 additional compensation for testifying in his behalf. The purpose of Mrs. Hayes' action is to restrain Thaw from going to New York again until once the latter obtains a judgment. Lawyers here express the opinion that Thaw's going into bankruptcy will practically dispose of the Wilson proceedings.

After Thaw had been sworn a brief adjournment was taken. In the meantime Chas. Morschauer, Thaw's attorney, desired to have Thaw taken to an expert to be fitted with spectacles. He has never worn glasses, but now says that he feels he must have them. The judge and the sheriff agreed to this and the visit to the optometrist was set for this afternoon.

TELLS OF PAYMENTS.

When the examination was resumed Thaw was questioned at great length by the attorney of Mrs. Hayes as to the services performed by Dr. Wilson. This said that Dr. Wilson visited him three times at the Poughkeepsie jail and then testified at the trial of the bankrobbers. He paid him \$150 by check through his attorney and he was willing to admit that he owed the doctor \$60 more. He by Dr. Wilson was worth more than denied, however, that services performed \$200. The proceedings were adjourned until Thursday and Thaw was taken back to jail.

PIANO PLAYING CAUSES TROUBLE

Musician Seeks Arrest of Neighbor Who Took Verbal Objections to His Efforts.

A personal and friendly objection to the piano playing of a neighbor during the night season has led to the issuance of a warrant out of the Police Court for the arrest of "John Doe," Kleeman, on a charge of disturbing the peace.

The offending piano player, who is also the complainant against Kleeman, is E. Stoll, living at 110 Eleventh avenue. Kleeman, in his next-door neighbor's house at 112 Eleventh avenue, "stole" according to the prosecuting Attorney, Deacon, this morning that at 10 o'clock last night he was killing time in a concert of sweet sounds from his favorite instrument, but in complaint against Kleeman, he claims that he is the real culprit.

Stoll, being a neighborly disposed and untrained and gave voice to a profane lullaby as to how long the noise was going to be continued. Stoll did not enter into any argument but today swore to the complainant in which the warrant was issued.

Jobs have been given out wholesale in some districts, notably in the First Ward, the street cleaners on the public payroll have been set to cutting the weeds and clearing the debris from private property.

There has been no slacking on the part of those who have these jobs to give and there seems to have been a determination to clean up the entire city before the primary election.

Former Real Estate Agent Accused of Embezzlement by Restaurant-Keeper.

G. C. Wright, a former real estate agent, was arrested this morning on a felony complaint charging him with the embezzlement of \$175. The complainant in the case is C. W. Jones, a restaurant keeper on Tenth street, near Franklin, who claims that he gave Wright the money to satisfy a real estate mortgage held by M. McGehee of 1078 Filoli eighth street.

The mortgage was upon a lot on Twenty-first avenue, between Twenty-second and Twenty-third streets. Jones also claims that Wright spent the money in high living, failed to satisfy the mortgage and refuses to account for the money. Wright will be arraigned in the police court tomorrow morning.

Musician Seeks Arrest of Neighbor Who Took Verbal Objections to His Efforts.

A personal and friendly objection to the piano playing of a neighbor during the night season has led to the issuance of a warrant out of the Police Court for the arrest of "John Doe," Kleeman, on a charge of disturbing the peace.

The offending piano player, who is also the complainant against Kleeman, is E. Stoll, living at 110 Eleventh avenue. Kleeman, in his next-door neighbor's house at 112 Eleventh avenue, "stole" according to the prosecuting Attorney, Deacon, this morning that at 10 o'clock last night he was killing time in a concert of sweet sounds from his favorite instrument, but in complaint against Kleeman, he claims that he is the real culprit.

Stoll, being a neighborly disposed and untrained and gave voice to a profane lullaby as to how long the noise was going to be continued. Stoll did not enter into any argument but today swore to the complainant in which the warrant was issued.

Stockholders of Defunct California Safe Deposit Face Ruin Because of Acts of J. Dalzell Brown.

SAN FRANCISCO, Aug. 10.—Four hundred stockholders of the late California Safe Deposit and Trust Company will, within a few days, be called on to make good the sum of \$5,250,000 for the depositors of that institution, through the medium of a suit filed in the Superior Courts of the city of San Francisco.

Rosenheim & Wehl, attorneys for the depositors' association of the wrecked bank, are now drafting the complaint, asking that the above sum be paid to the receiver. The suit is brought jointly against J. Dalzell Brown and other directors, and the stockholders under the provisions of the statute which makes them liable for twice the amount of their holdings of the paid-in-capital stock of the bank.

The California Safe Deposits and Trust Company had an authorized capital of \$3,000,000, of which 26,250 shares of the par value of \$100 had been fully paid in when the manipulations of J. Dalzell Brown brought the bank tottering to ruin with liabilities approximating \$10,000,000.

HORNER'S SELECTION MEANS MORE GOOD ROADWAYS

In His Incumbency Supervisor Has Done Much for His District.

NEWARK, August 10.—In the current issue of the Register Newark's enterprise paper, has the following to say regarding the work and candidacy of Supervisor Horner:

"THE SITUATION.—"The renomination and re-election of Supervisor Horner will leave the governing power of the county in the same hands as it is at present. Supervisor Horner has generally affiliated with Supervisors J. M. Kelley of Oakland, W. B. Bridge of Emeryville and John Mitchell of Oakland. John Mitchell retires from office this year and has announced that he will not again be a candidate, but Kelley and Bridge are both here and still have two years more to serve. As they are generally friendly with Horner, and as the three have generally worked together this means a great deal to the lower end of the district, for it means that the rural districts will continue to get the roads and the county general tax for roads.

SHUTTING OFF MONEY.

"We have defeated Supervisor Horner at this juncture who would have meant that the Oakland Supervisors would have been compelled by the city against high taxes in the three bay cities to have shut off a considerable portion of the money from the county general fund that had been coming upon certain roads.

"Mr. H. McDonald Speer is expected to come tomorrow from Lake Tahoe and will be accompanied by his sister, Miss Marjorie Josephy, who has been the guest, during most of the summer, of Mr. and Mrs. C. Frederick Gold at Goldfield.

Mrs. George H. Lent, Mrs. Samuel Knight, Miss Hooker and Miss Charlotte Linton returned Saturday evening from Santa Barbara, where they had been spending a few days.

ROY M. PIKE has come down from Westport, Mendocino county, on a business trip which may detain him several days.

At the Savoy Hotel, in Carlsbad, is a most entrancing party composed of Mr. and Mrs. William G. Irwin and their daughter, Miss Helen, Mrs. Richard Evans, Mrs. Edward Moore Robinson of Philadelphia, Miss C. August Spock and her niece, Miss Ory Webster of New York.

Mrs. Thomas B. Bishop and her son, Frank Bishop, have moved from their home on Washington street to the St. Xavier, where they have furnished an apartment which they will occupy while in town.

Mr. and Mrs. George Herkert returned yesterday from an automobile trip to Mt. Monteagle and Ward Mountain.

Mrs. Florence Hunt and Miss Mary Weston arrived last evening from Fort Bragg where, for two weeks, they have been entertained by Miss Emily Johnson at the hospitable country home of her parents, Mr. and Mrs. Charles Johnson.

Miss Florence Hunt and Miss Mary Weston are to be married on Friday, Aug. 13, at the Presidio in San Francisco.

Miss Robert White, with her sons, Dale and Billie, will leave for Honolulu on the steamer Spero next Tuesday en route to the Orient and Europe.

Mr. and Mrs. Frank Leib, nee Bennett, have arrived in San Jose from Victoria, on their wedding trip. A number of entertainments in their honor will be given by Judge and Mrs. Leib at the Alameda.

Mrs. John A. Lundeen, wife of Col. Lundeen, commanding officer of the Presidio, is to be married Saturday at the Presidio in honor of the Miss Morrison of San Jose. Among the guests were Mrs. John L. Clem, Mrs. Thomas J. Ashburn and Miss O. P. Mazzard.

DAUGHTER OF PRESIDENT OF FRANCE IS WEDDED

The Ceremony Was Striking or Its Simplicity.

PARIS, Aug. 10.—As a sequel of the separation of church and state in France and incidentally because of the mourning of the bridegroom, the marriage today of Madeline Anne Marie Palliere, daughter of the President of the French Republic, to Jean Joseph Edward Laney, the President's secretary, was not attended with the usual brilliancy which one might expect would embellish the nuptials of the daughter of the President of France.

Nevertheless the function was a memorable social event for all French, irrespective of rank or situation in life, showed a warm, genuine interest, evidencing the sincere affection with which President Palliere is held by the people.

TAKING ADVANTAGE.

"But not once has Supervisor Horner transgressed any of the laws of the State. He merely took advantage of these laws and he did everything that he could to get the greater two other Supervisors to do the same. He tried to take advantage of these same laws. The Alameda county, which becoming too large and that some time ago divided, must come up, and he hoped that by the time the event arrived he would have completed or nearly completed a first-class system of roads in the cities to so far as expenditure upon country roads. Good roads are nice in both theory and practice but hard to find. It is difficult to make a combination that knows all kinds of thoroughfares.

GOOD ROADS.

"Horner has done more for his district than most people appreciate. He started with the basic plan of giving his district a comprehensive system of good roads so that in the future would not require too much money to have shut off a considerable portion of the money from the county general fund that had been coming upon certain roads.

"He has done a great deal for the lower end of the district, and his work has been appreciated by the people.

EIGHT YEARS' WORK.

"For eight years he has been working to this end, and setting the roads of his district built from general taxation funds, and county funds, divided into two other Supervisors.

He has done a great deal for the lower end of the district, and his work has been appreciated by the people.

CHARLES E. HUGHES, whose dual life in marriage with one woman while he spent most of his time with another led to his arrest, will be charged with vagrancy when his case is called for trial on August 13. Miss Kate Byrne, secretary of the Catholic Home Society, has in discussion getting him released on bail, with a warrant on a more serious charge issued for Brown. After a conference with the prosecuting attorney, however, it was decided to hold Brown on any charge whatever. Brown was arraigned in the police court last Saturday and his case continued for hearing till August 13.

KILLED IN ARE CRASH OF SERIOUS CAR

In Collision on Street Railway Excursionists Are Terribly Maimed and Mutilated.

LONDON, Ont., Aug. 10.—Two persons were killed and ten seriously injured in a rear-end collision on the Chatham, Wallaceburg & Lake Erie Electric Railway today.

The two cars left Chatham crowded with excursionists bound to Erie Beach. The first car stopped at the city limits to take on a passenger, when the second car plunged into it with awful force.

The dead are William Bromhead, musician, of Detroit, and William Donovan.

Michael Pleasanton, son of proprietor of the Rankin House, Chatham, was badly injured his recovery is doubtful.

James Pleasanton suffered the loss of both legs and will die.

WOMAN TO SUICIDE

STOCKTON, Aug. 10.—Mrs. Catherine Roiss, aged 66, the wife of August Roiss, a prominent farmer residing five miles east of Lockport, took a fatal tendon full of strichnine, a glass of water, 7:30 o'clock last night and died two hours later. Her health was the only motive.

ACCOMPLISHED VOCALIST.

Principal James is worried. He has cast about for every bit of spare time for his charges. He has settled some classes in the unfinished rooms of the mechanical wing of the new polytechnic school but they come faster than his ingenuity can find cubic air space. Classes are obliged to stand in the hallways awaiting access to lecture rooms. Teachers fight their way along the corridors from one department to another.

Tomorrow's Struggle.

The primary election takes place tomorrow, when some controversies are to be decided. A plain statement of the facts is, therefore, timely today.

Vehement arraignment and denunciation of eminent Republicans who have never wavered in their allegiance to party principles have been going on for some time. It has been represented that the party is dragged down by those who have consistently stood for it, and that it must now be rescued from such control by Republicans of air-weather habits, who stand by when the sky is clear and there is a prospect of certain success with no danger, but who rush for the storm cellar at the first dark cloud.

These head the cohorts; but they are reinforced by Democrats who have scarcely an abiding place now, and by political mavericks who in turn are Prohibitionists, Greenbackers, Populists, Sixteen-to-Nesters, Socialists—any old thing as the wind happens to blow. Still back of these, and supplying the only tolerable element of the gomeration, are a few earnest and well-meaning Republicans who have been fooled.

This political Coxey's army brazenly claims to be Simon-pure Republican, chosen for the task of purifying the party. It is not without cunning that this position is assumed; for had the same elements started on an independent crusade and proceeded on its real merits, it would never have got anywhere at all. Put boldly looming the lion's skin, this political foray has been able to conceal its ears and rough coat to a greater extent than would have been supposed.

In this purifying effort the purifiers have not considered it sufficient to make effort in the usual way. It is the policy, venomously adhered to, to denounce and abuse all who stand for such party organization as is everywhere considered necessary to any successful party action. And men who have served long and well; whose public records are scrutinized in vain for flaws, are assailed, denounced and treated with persistent contumely. It has been a campaign of the vilest misrepresentation.

The head and front of this movement is a man who is not only not a Republican, but until his envy and malice were aroused in other directions had no political bias of any kind. Less than two years ago he declared, with evident satisfaction to himself, when approached on a political proposition, that he had not in years taken the trouble even to have his name placed on the Great Register.

This political purifier has been joined in the "leadership" by others less malevolent, though more calculating. And the rank and file is motley indeed. If one should shout "Low bridge!" at it, most of the heads would duck, on the principle that first thought in time of danger is of the sorest place.

This array that will line up tomorrow has depended upon vituperation and downright misrepresentation to gain its ends. The public records of men have been lied about. The political conditions of this State have been outrageously misrepresented. The claim that there can be no consistent Republicans outside the Spreckels round-up; that all others are under the dominance of a railroad company, is pure demagogic. The claim that the affairs of the State are dominated by that corporation, or any corporation, finds its only justification in the fact that every Republican does not consider it a test either of his Republicanism or of his citizenship to persist in a demagogic attitude toward corporations.

But now the Republican party is to be rescued from Republicans by a pinto host headed and led by Rudolph Spreckels. He is putting up the money and supplying the venom that galvanize the movement. It is perfectly plain that if he succeeds he is going to regard the senatorship as his personal fee for the service performed. The Republican party of California will then be cleared of a mythical control which has served so many demagogues with excuse and justification; but it will be saddled with the real thing—with a boss whose mainsprings are envies, malice and hatreds, and who has enormous wealth to gratify them, with no honest political sympathy with the Republican party or Republican principles to modify his real bent.

Ifow can that look good to any real Republican? The miscalled Lincoln-Roosevelt League, having wormed itself into Republican status, sets up a man of straw which it assumes to have a call to knock down, with the purpose of setting up in its place a real being, with unconcealed intent to carry things with a big hand in the event of success.

Those Republicans who are so in reality; who remember the attacks that the party has withheld from within as well as from without, will remain steadfast tomorrow. They will see that they do not vote a ticket bearing the Lincoln-Roosevelt tag, hypocritically put there, with no honor accruing to the illustrious men whose names have been thus conjoined.

Perkins' Advancement in The Senate Organization.

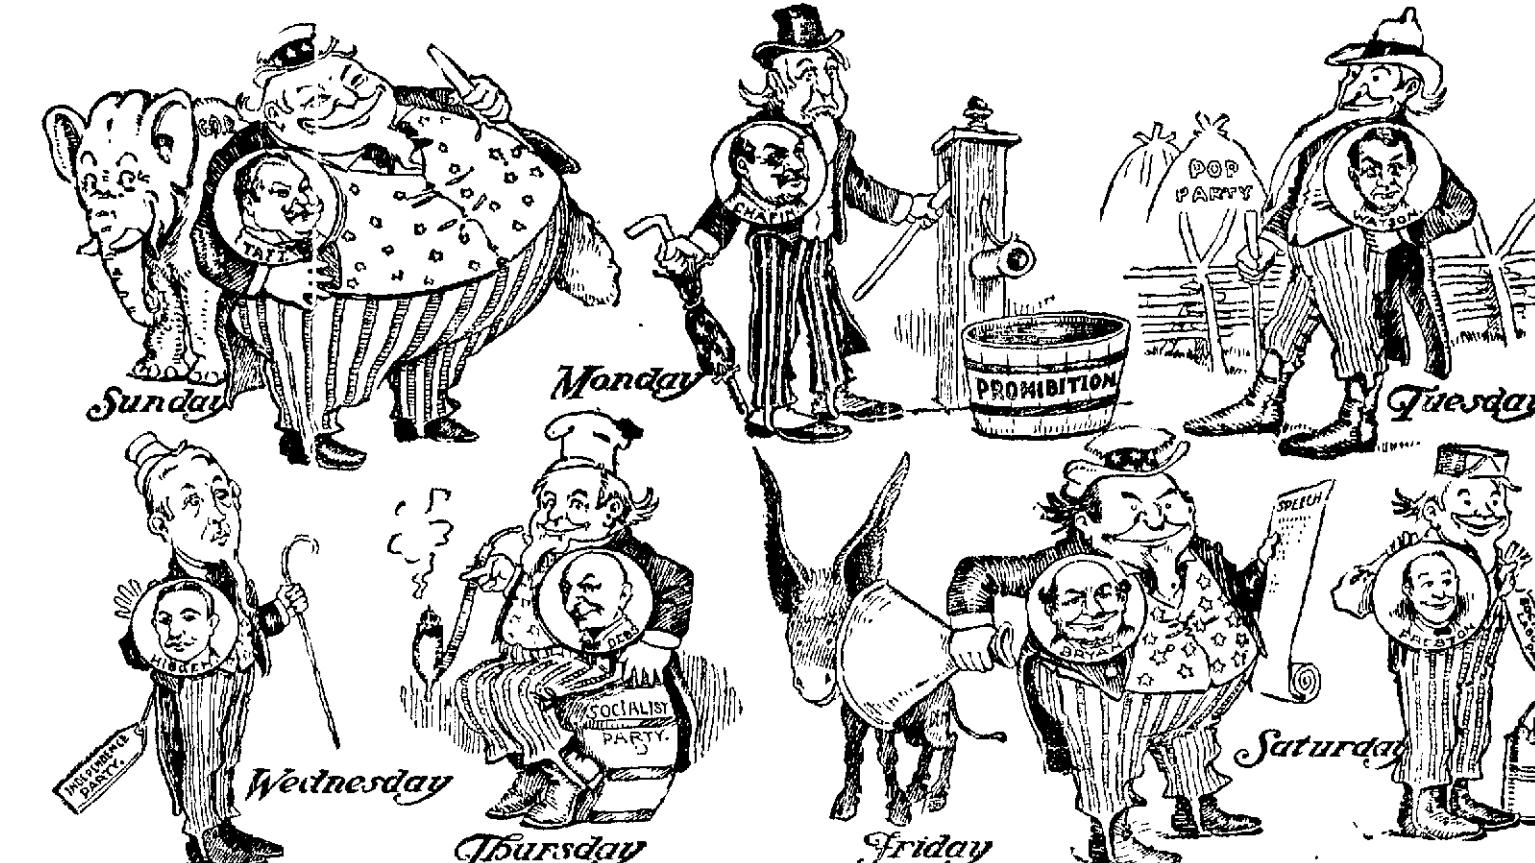

A Washington dispatch published this morning ought to be of first importance to all Californians, and undoubtedly will have deep consideration by those who understand. It discusses more definitely Senator Perkins' advancement to the head of the Committee on Naval Affairs, foreshadowed in these columns a few days ago.

Senator Hale is at the head of this committee now. He is to become the head of the Committee on Appropriations, the premier chairmanship of the Senate. This chairmanship is vacant through the death of Senator Allison. Hale was second on the committee, and nobody else is thought of for the succession.

The transference of Senator Hale to the Committee on Appropriations will create a vacancy on the Naval Committee, and there is no more thought of anybody but Senator Perkins for this vastly important chairmanship than there is of Hale for the other. The entire suitableness of Senator Perkins is universally acknowledged, by reason of his familiarity with maritime affairs through practical experience, the fact that he represents a section of country especially interested in naval affairs and his high position on the committee already, he having second rank.

While the Pacific Coast has generally been given representation on the Naval Committee, one of its Senators has never headed it. Its vastly increased naval importance will be recognized in this impending advancement of its senior Senator.

In this turn of the political wheel California moves up a very appreciable step. Senator Perkins is a staunch supporter of all Pacific Coast interests, and he will come to this position, not as one who is advanced through fortuitous circumstances alone, and without reference to the appropriateness of it, but as one better fitted than any other, because of his experience as a sailor, as the head of a great shipping firm and through intelligent study of the commercial interests generally, and keeping abreast in his public life with

the developments of the age. He possesses the technical knowledge, as well as the legislative experience and the industry, to become a specially able head of this committee.

If it had been left to California to choose a Senate chairmanship, it could not have selected one so important to itself as that of the Naval Committee. And, it might be added, it could never at any point in its history, have had a representative who was so admirably qualified to fill it.

These facts are pertinent, in view of the primary election tomorrow, to be taken part in by an element that loudly, though vainly, boasts that it is inimical to Senator Perkins. California would be the laughing stock of the country if it should now, by its own act, put itself beyond the possibility of realizing the advantage that is ready for the realization. We ought to understand the importance of Pacific Coast naval affairs being controlled by Pacific Coast men. But those at the other side of the country are not so apt to. And if we should by any possible chance fail to embrace this opportunity it will slip away, to recur when the State secures another United States Senator who has intimate knowledge of its most vital needs, has been able to retain his seat long enough to get an official status, and who has the industry and tact to overcome Senatorial traditions and get himself recognized. How soon would that be?

This array that will line up tomorrow has depended upon vituperation and downright misrepresentation to gain its ends. The public records of men have been lied about. The political conditions of this State have been outrageously misrepresented. The claim that there can be no consistent Republicans outside the Spreckels round-up; that all others are under the dominance of a railroad company, is pure demagogic. TAKES UP PEN IN DEFENSE OF DEAD GENERAL'S CHARACTER

Declares Play "Under the Bear Flag" Is Insult to His Memory

That Mrs. Harry Cutler, daughter of the late General Vallejo, famous in California as the commander of Spanish forces, will not stand alone in her effort to enjoin the management of a San Francisco theater from staging the play "Under the Bear Flag," in which she declares aspersions are cast on her family by the fact that her father is portrayed in the role of a villain, is evidenced by the following self-explanatory letter written by Edwin A. Sherman of the city, who was City Clerk under General Vallejo at the time the general was Mayor of Sonoma.

SHOULD BE SUPPRESSED.

"Editor TRIBUNE: "Today, I am told, son, in my opinion, all the fools and most of the old Spanish people, which is a traitor, Indians as well as white, expressed the insult to the memory of the best 'Native Son' and pioneer of the Golden West that ever breathed the air of California, General Mariano Guadalupe Vallejo, the 'Father of this State,' by representing him as a villain on the boards of a stage before the people are outraged which calls for condemnation by every respectable citizen within the boundaries of our golden State and should not only be suppressed but the waggons and insult condemned by the severest penalty known to the law and the contempt of the people."

OUGHT TO BE BANISHED.

"The author of the play and the actors who participate in the Native Sons of the Golden West who accept its dedication or patronage that drama should be driven from the State as those who have forfeited every claim, and rig it to be called citizens of California. They should be banished to Death Valley and provisioned with chili peppers only and without water to quench their thirst would be a just punishment for such gross outrage upon the memory of the last man of the Spanish race that ever lived."

SURE TO BE REVENGED.

"He was next to General John Butter, the most generous and hospitable man of the American Legion, and all who lived or died for the soul of California, either native or foreign born. Would the American people tolerate a play which represented Washington or Lincoln as a villain in its drama?" Not much. No wonder the hot Spanish blood of his daughter became inflamed at such an outrage, which, under the old regime, would have cost the perpetrators their lives, and even now, somewhere and by some one of his race, is sure to be revenged on somebody at this insult to that portion of the citizens of California, and who can blame them?"

WERE A PRISONER.

"Gen. Vallejo was a prisoner in the hands of the Bear Flag party and with his staff was turned over to Fremont, who confined them in Butter's Port, where they remained until ordered paroled by Commodore Shohl, who had taken possession of California. May God forgive me for saying that Courte and Foyles in so atrocious a manner when Vallejo and his staff were prisoners did not belong to their command, and they acted upon their own impulses solely."

WERE HOSPITABLE.

"When paroled, Gen. Vallejo returned to his home at Sonoma and averted the host to Lieutenant Joseph Warren Fawcett, 17, S. N., and his men while stationed there. He welcomed ex-Governor Llubin Boggs of Missouri and his family when they arrived overland in October, 1846, and provided them a home on his Petaluma rancho, and the other American immigrants received unlimited hospitality. DAUGHTER OF THE NETHER-LANDS CONSUL MAKING VISIT IN HONOLULU

TWO BERKELEY MAIDS ANNOUNCE THEIR ENGAGEMENT TO MARRY

The pretty daughter of Consul and Mrs. G. J. G. Marsily, Miss Georgette, is enjoying the most delightful of visits in Honolulu. Miss Marsily is the guest of Mrs. W. W. North, who recently made a visit in Oakland and when returning to her island home took the young lady with her. Mrs. North has a daughter who, with Miss Georgette, is having a gay time. Miss Marsily was in Oakland at the time of the fleet festivities and also enjoyed the pleasure of joining the festivities at Honolulu. It was expected that the young visitor would return to California this month, but she is having so much pleasure that she has persuaded her parents to allow her to remain away until the Christmas holidays.

Mrs. Marsily has remained at her Oakland home during the summer months and has occupied much of her time in aiding Mrs. Chamberlain at the vacation playground, the philanthropy of the Oakland Club.

ANNOUNCE ENGAGEMENTS.

Two pretty Berkeley girls have recently announced their engagement to marry. Miss Julie Phillips, daughter of Mr. and Mrs. H. F. Phillips, announced her engagement to Dr. Clarence Page at a reception given by Miss Mary Page. Miss Phillips and Dr. Page are both members of the choir of the First Presbyterian Church in Berkeley. Miss Phillips is the possessor of a rich contralto voice and has been a member of the choir for some time. She and her sister, Mrs. J. O. Davenport, have been prominent in Berkeley social circles.

Another engagement which is claiming the interest of Berkeley society is that of Miss Carrie Smith and Edwin Adams. Both are graduates of the university and members of several of the college societies. They were graduated in the class of '08.

The prospective bridegroom is a civil engineer and a member of the Sigma XI and Tau Meta Pi scientific societies, of the university. Miss Smith is the daughter of C. O. Smith, the well known contractor.

The wedding of both the young couples will take place this fall.

EXPECTED HOME FROM EUROPE.

Dr. and Mrs. Milton are expected to return from Europe this week. They have been abroad for many months, when they have traveled the continent, spending the greater portion of the time in Germany, where the doctor has been visiting the German hospitals. The home-coming will be tinged with sadness, for during their absence Mrs. Milton's mother, Mrs. Keane, a very sweet and lovely woman, has died.

Dr. and Mrs. J. F. Lilly are still abroad and say nothing about the time of their return. They are having a delightful tour and at last accounts were going to Ireland, where they expect to be joined by Mrs. Lilly's mother.

Dr. and Mrs. Charles A. Dukes are planning an European trip for next year if nothing intervenes to prevent it.

Mr. Sharp assisted in entertaining his guests by Mr. Rhine and Mr. Herrington. Among the guests were the Misses Aileen Barnett, Nella Dixon, Dorothy Shear, Margaret Shear, Delta Smith, Jean Solridge, Hilda Hoffman, Fay Newsom, Alvis Weeks and Mabel Diffrate. Miss Ryder was the recipient of a number of very pretty birthday remembrances.

Miss Jeanette McKay has returned from Sacramento, where she was the guest of Mrs. George W. McCoy. Mrs. Estabrook was a former resident of Sacramento and many affairs were given in her honor on her visit with Mrs. McCoy. Mrs. McCoy gave a very pleasant thimble bee in honor of her guest. The rooms were prettily decorated with roses and ferns and a dainty supper was served after the needles and thimbles were laid aside. The guests upon this occasion included Madames B. H. PLUNGE OF AUTO IS FATAL

Machine Dashes From Bridge Near San Mateo and Woman Is Killed and Two Men Are Injured.

SAN FRANCISCO, Aug. 10.—Another auto fatality has been recorded, as yesterday on the way from San Mateo, a big machine dashed off a bridge and Mrs. Annie Kleemann of 2103 Howard street was instantly killed, and her son, Harry Kleemann, 16 years of age, and H. Hughes of Onondaga avenue, were injured.

Clarence N. Wolfe of the Wolfe Lumber and Hardware Company, was the owner of the car, a big Pullman, that was wrecked last night, and he was personally in charge of it when the accident happened. He had taken three guests, Mrs. Kleemann, her son, Harry, both of whom resided at the Wolfe home, and Mr. Hughes to San Mateo, and the party started to return at about 10 o'clock. Wolfe says that he drove the machine slowly and carefully and was running it at about four miles an hour when the trouble was encountered.

FOOLED BY SHADOWS.

On the main road a new bridge is being constructed at a point almost opposite Uncle Tom's, which is fourteen miles from San Francisco. That rendered it necessary for Wolfe to turn in through San Bruno Park, where a temporary bridge had been thrown across the creek.

The bridge was found all right, and in the clear moonlight no difficulty was anticipated. However, the tall eucalyptus trees threw heavy shadows over the temporary structure and Wolfe became confused. Instead of running directly across the bridge, the driver turned to the left and ran off the end of the bridge, suspending the car to the rock.

PLUNGED INTO CREEK.

He says he had almost stopped at the time and was peering ahead to make out the direction when the car plunged over the bridge to the bed of the creek, eight feet below.

All the occupants of the automobile were thrown out when the machine fell. In that way Wolfe escaped injury. Hughes and Harry Kleemann sustained no dangerous injuries.

CAUGHT IN MACHINE.

She was injured in a Williamsburg store last May, when her hair became entangled in the machinery of a money carrying device and almost all of the hair on the top of her head was torn off, carrying the clip with it. She was rushed to the Hospital, where the physicians quickly saw that skin grafting would be necessary. Six weeks ago the first operation was performed. Two of her relatives offered themselves as subjects. They were Miss Margaret Gorman and a cousin, whose name is withheld. They were chosen in preference of several young women who volunteered as friends of Miss Gorman.

FRIENDS TO HER AID.

The wound on which the skin was grafted was twelve inches in circumference. Patches of skin three inches square were removed from the legs of the persons giving the skin, after an anesthetic had been administered. Then the skin was placed upon the wound, forming what the physicians termed "skin islands." From the edges of the "islands" new skin formed and sprawled until all were joined. For two of the operations the skin was removed from the leg of Miss Gorman.

SANTA ROSA GUESTS.

Mr. and Mrs. Jeff Gage of Linden street have as their guests Mrs. A. L. Bradlee and her daughter, Miss Loraine of Santa Rosa. Mrs. Bradlee has been having a delightful time, Miss Loraine and Master Ed planning much for her pleasure. The Santa Rosa guests will conclude their visit this week.

SINGER SEEKING MISSING BRIDE

1ather Than See Daughter's Musical Career Sacrificed Mother Spirits Her Away.

SAN FRANCISCO. August 10.—A father who sees his daughter's musical career sacrificed, Mrs. Brooks, mother of Mary Brooks, who was secretly married three months ago to George Ainsworth, the couple being members of the Pacific Theater Chorus, has spirited the bride away to Chicago.

OF DIFFERENT MINDS.

Mrs. Brooks wanted her daughter to have a career. Miss Brooks wanted a home and love. Almoe wanted Mrs. Brooks. Thus stood the tangle until three months ago when, despite the mother's objections, the two young singers took their affairs into their own hands and were secretly married.

ME MOTHER'S PLAN.

Three weeks ago the mother learned of the marriage. She did not storm, she did not create a scene. She came to San Francisco, smiled, shook her head and laid her hands. The day after her arrival she asked her daughter to go for a short automobile ride with her. Almoe waved the two a farewell, congratulating himself at the happy ending and vowing big things for the future.

LANDS IN JAIL.

The automobile conning his bride turned the corner—and that was the last seen of her by him. Almoe waited and waited in vain. He waited three days, and then, unable to bear the suspense longer, secured leave of absence and departed to Los Angeles, where his mother-in-law resided thinking to find him there. On showing himself at the door he was denied admission. Then a wasting aside all thoughts of the olive branch, he forced his way into the house, determined to ascertain for himself if his wife was in the place.

For this he was arrested for disturbing the peace. He fumed and fretted his way to the police station, but on telling his tale in the police court the next day he was discharged. In the meantime the mother and the daughter had flown once more and it was only yesterday that he discovered that his bride had been taken to Chicago.

WOMAN OF WEALTH STUDIES ECONOMY

MEXICAN DESCENDANT OF MONTEZUMAS WILL TAKE LEARNING TO COUNTRYWOMEN.

NEW YORK. Aug. 10.—A daughter of the Montezumas is in New York mastering the art of domestic science. She will carry it back with her to Mexico and at the bidding of her government introduce it into that country of romance and tradition. She is Madame Guardalupa de Haro, and is an exquisite lady with coal black hair, deep brown eyes and a complexion of creamy white, who proudly says she is thoroughly Mexican and a descendant of the Montezumas. She has been in New York a year and a half studying night and day household arts as taught in public and private schools and colleges. Just now she is studying in the summer schools of the University of New York.

STUDIES ECONOMY.

Madame Guardalupa de Haro is the daughter of a great financier, born to wealth and luxury. Through aiversity her husband lost his fortune and died, and the widow has to work for a living. Mexican women of degree take little interest in the economy of their households. Such things are left to the servants. So when Madame de Haro faced the necessity of earning a living, she awoke to her helplessness. Through study and inquiry she found that there was a woman's world of activity that she had never dreamed existed. Then came the offer of her government to send her to New York to study our domestic sciences and she accepted it gladly.

ESTATE WORTH MILLIONS IS CLAIMED BY TEXANS

GALVESTON, TEXAS. Aug. 10.—Persons who call themselves heirs to an extensively improved city block in New York valued at something like \$300,000 have been found in Bay City. Peter Wyckoff, his sister, Bertha Wyckoff, and his foster brother, Dr. Bart Smith, are the claimants. They are the grandchildren of Peter Wyckoff and children of the latter's son, the late Peter Wyckoff. They assert that Peter Wyckoff owned several thousand acres of land on Long and Manhattan Islands, which, in 1808, he leased for a term of ninety-nine years to the Trinity Church Corporation.

The land is now improved city property and it is asserted that the lease expired a few months ago. The claimants say that until recently they thought the property had been sold outright.

GIRL PROVES HERSELF REMARKABLE SWIMMER

SANTA CRUZ. Aug. 10.—A remarkable swimming feat was performed yesterday morning by Miss Dorothy Eaton, the 12-year-old daughter of Professor Eaton, organist of Trinity Episcopal Church, San Francisco, when, in company with Professor Cavill and Mrs. Rosenbaum of San Francisco, she swam out to and around the whistling buoy and back to the pleasure pier, a distance of one and five-eighths miles.

A launch with a number of spectators followed alongside of the swimmer.

The feat was accomplished in three hours and forty-five minutes, which Professor Cavill claims is the world's record.

For some feet, I have found "Aeolian's" Arms Salvage to be the proper thing to use for some time, as well as for hunting up old men and all sorts of specimens," writes Mr. W. S. of East Poland, Maine. It is the proper thing too, for piles. Try it! Gold under guarantee at Osgood Brothers' drug store, 250.

\$1000 IN JEWELS TAKEN BY THIEF

Apartments of Mrs. Charles Boesen in Glenwood Hotel Entered and Robbed.

The apartments of Mrs. Charles Boesen at the Glenwood Hotel corner of Fontaine and Washington Streets were burglarized early Saturday evening and nearly \$1000 worth of jewelry was stolen.

Mrs. Boesen had gone out to dinner shortly before 6 o'clock and on her return at 8:30 o'clock she found everything she had left it except that a bureau drawer had been opened and the jewelry taken. The door was locked, showing that it had evidently been opened with a pass key and by someone who was familiar with the place. Prof. Kibbey, who is Mrs. Boesen's brother, is absent from the city, having been in South Carolina with also twelve \$100,000. The heir is red-headed and apparently twenty years old.

Prof. Kibbey said he would start for Germany within four days and as soon as he could return to America would marry Little Olga, a waitress in a restaurant, buy a home in Fifth Avenue and settle down to a life of leisure.

Waiter Falls Heir to Sixteen Millions; Keeps Working

NEW YORK. Aug. 10.—Despite the fact that his half billion heir to \$16,000,000, Godfrid Probst, continued yesterday to get a waiter in a little Brooklyn restaurant. The money was left to Probst by a distant relative in Germany who left certain specific amounts to more than 500 persons living in South Carolina, will also receive \$1,000,000. The heir is red-headed and apparently twenty years old.

Prof. Kibbey said he would start for Germany within four days and as soon as he could return to America would marry Little Olga, a waitress in a restaurant,

SEEKS SAFETY IN UNITED STATES

Former Secretary of the Sultan of Turkey Flees Owing to Political Dissension.

NEW YORK, Aug. 10. — That Ahmed Pacha, formerly secretary of the Sultan of Turkey and the so-called power behind the throne, is fleeing to this country, where his son, Mohammed Ali Afed, is the Turkish ambassador in Washington, was learned by a leading Turkish subject in this city last night. That this would be proven within a few days was stated, but the source of the news, other than that it came by cable from Constantinople, would not be divulged. More than one week ago a cable to the Herald stated that Izet Pacha, as he is more familiarly known, went on board of a steamer near Constantinople and did not return.

POWER AT THE PALACE.

It is now believed by those who have had the news from the Turkish capital that Izet Pacha has taken passage for this country where it is possible to find a safe asylum while political affairs in Turkey are adjusting themselves. For the last year at least Izet Pacha has been a power at the palace of the Sultan.
